We welcome Charlotte June Runge-Farley who was baptized February 9th.

Have you heard? Christ Lutheran Church is about to turn 70 years old! Pastor Chad along with a few of us have been starting to make plans. Council and the committees are finding ways to celebrate where we've been and where we want to go. And now it's your turn. What would you like to see in this year-long celebration. We'll start on Pentecost 2025 with the big weekend on Pentecost 2026.

Do you have an idea for a fun activity? If you're kind of new here, what would you like to know? Can you volunteer to help with collecting memories from the older members? Do you like to write and could help write our history? We'll be going through lots of old pictures to make slide shows for throughout the year. Is that something you'd enjoy doing? Use your imagination. Are there people from the past that you think we should invite? I want this to be a fun (and educational) year for everyone.

You can fill out the Survey below now, or on Sunday sign up on the form in the back of church.

SURVEY

Altar Guild

Dear Friends,

The Worship and Arts committee has decided that it would be a good idea to have an altar guild – a group of people responsible for preparing communion, setting up the altar, changing the paraments as the church seasons change, making sure the candles are filled with oil and letting the office know when we are almost out of bread of wine. The ushers have mostly been doing this, but it really isn't an usher's job.

I'm hoping that some of you, who want to volunteer, but would rather have a more behind the scenes role than being a lector or doing the time with the children, might find this a good way to serve our church.

Never done this before? Full training will be provided along with someone who is experienced to help you the first few times if you'd like. I'm hoping to get enough volunteers so that you would only be on the schedule once every 2 or 3 months.

Just email me or talk to me at church if you have any questions.

janielou13@gmail.com

CONNECTING FAITH TO LIFE

Southern Ohio Synod
Evangelical Lutheran Church in America

The Southern Ohio Synod Authentic Diversity, Inclusion, and Justice Team (ADIJ) has prepared a resource to be used in congregations and ministries this Lent, to help us expand our ability to have hard conversations with one another that are rooted deep within our faith.

ELCA

SIGN A PETITION

Help End Pause of U.S. Foreign Assistance

[Urge Congress to call for an end to the Trump administration's funding freeze suspending U.S. foreign assistance](#) [POSTED: 2/5/2025]

Protect Medicaid and Oppose Cuts and Caps

[The Medicaid program touches millions of lives through healthcare, housing, disability services, and care for children, families and seniors, but its vitality is at risk.](#) [POSTED: 1/28/2025]

MdL concern: One of the programs cut in the DOGE elimination of USAID programs was the President's Emergency Plan for AIDS Relief (PEPFAR), which provides life-saving HIV/AIDS medication to the children and adults served by MdL and people all over the world infected with HIV/AIDS. Since its inception during the George W. Bush administration, this program has received enthusiastic bipartisan support in Congress. In her last communication, Anna Jackson, MdL Director, wrote that they have been able to secure enough medication for the next month, but it is not certain whether they will have access to more for subsequent months. She added, "We are still calling on our supporters to continue calling Congress. Please urge lawmakers to ensure the availability and delivery of life-saving medication in Honduras and other countries until a longer term solution can be found. You can find your Congress members linked here."

Every year in April, Montaña de Luz holds its Annual Dinner and Fundraiser in Columbus, and this year's celebration will be April 11, "A Legacy of Light, 25 Years of impact." The special guest that evening will be Wendy "Lala" Ramirez, whom you might remember from a newsletter post last year presented to a U.N. Conference in Germany about her experiences as a child growing up with HIV/AIDS at Montaña de Luz in Honduras. Some CLC members who have been to MdL plan to attend this year. If going up to Columbus on a Friday evening seems to be too much, you can participate with the Online Auction, bidding on many unique items or donating to programs provided by MdL.

For more information go to www.montanadeluz.org/fiesta2025, and/or check in with Sue Ellen Miller or Doug Debrick.

MIDWEEK LENTEN SERVICE DONATIONS

This year again Social Ministry has designated that the offerings collected at the Lenten services this year will go to the ELCA's Lutheran Disaster Response, in response to the destruction of the wildfires in California. In addition to offerings collected at the Lenten services, congregation members can also donate under the "Give" button on the CLC website, picking the "Lutheran Disaster Response" option.

This information is provided from the U.S Wildfires page on the LDR website:

Lutheran Disaster Response is coordinating with the Southwest California Synod, Pacifica Synod and other partners to assess the needs of people impacted by the wildfires. We will work with them to provide for immediate needs and recovery amid the widespread destruction. Lutheran Disaster Response is committed to accompanying recovering communities for months and years to come.

Your gifts to Lutheran Disaster Response equip us to respond to communities affected by wildfires and related disasters. These gifts also empower us to respond to disasters whenever and wherever they strike. Gifts to "U.S. Wildfires" will be used in full (100%) to assist those affected by wildfires until the response is complete.

People of conscience must confront Trump 2.0:

It's just a month into the second Trump Administration, and already its impacts are being felt here in Northeast Ohio. Last month, ICE agents raided a branch of the Cilantro Taqueria chain in Cleveland Heights. While we at Faith Communities Together for a Sustainable Future focus on energy issues and abuses of the environment in Ohio, it is clear that any truly sustainable future cannot include abuse of other human beings.

It is imperative that organizations and individuals of faith resist the dark tactics of the Trump administration. Faith-based initiatives must make a clear case for the alignment between migrant and environmental justice, especially here in Ohio, a place that will be a destination for all manner of climate refugees from within and without our borders.

The border crisis is currently being framed as one of safety, but increasingly we are seeing that our borders are the front lines of the climate crisis and of the mass movement of humanity from warming equatorial regions to more temperate and resource-rich regions of the planet.

It portends even darker times in the future when the inevitability of climate refugee crises like those described by authors Jeff Goodell, Jake Bittle, and Peter Schartzstein are not the stuff of Cormac McCarthy novels but rather reality in places rich in high-quality freshwater like Northeastern Ohio.

The climate emergency needs to be a larger part of our internal political debate, because it is an ever-growing reason that many asylum-seekers are coming here.

Their countries are experiencing hurricanes, droughts, and punishing heat. Their crops are failing, and their children are going hungry, even as the developed world has been the leading contributor to the climate Crisis.

We have constructed harsher criteria and more physical barriers for migrants even as the political and climate chaos we've been instrumental in sowing in Central and South America manifests in all manner of ways.

Even the U.S. Department of Defense issued its own Climate Adaptation Plan Progress Report in 2022. Meanwhile, defense industry insiders like Sherri Goodman write of threat multipliers like climate security and climate-proofing security that are keeping the generals and admirals she talks to awake at night.

Truly empowered communities are communities that are not scared, embrace diversity, and understand that we are only as strong and as resilient as the least among us are made to feel. Constant harassment and threats by the Trump administration are antithetical to our mission and vision.

As Pope Francis warned Jan. 20, the mass deportations threatened by Trump would be a disgrace, because it makes the poor wretches who have nothing pay the bill" for the problem.... "That's not how things are resolved."

FaCT, based in Mentor and founded in 2011 at a meeting of representatives from eight Ohio congregations of various faith traditions, stands with the vulnerable and marginalized communities that these ICE raids are targeting.

Running interference and keeping a watchful eye as an organization and as individuals will be imperative in the coming months and years.

Too many have chosen to wave the white flag in the face of Trump's threats, including heretofore seemingly resolute partners. Northeast Ohioans cannot recede into the background only to re-emerge in 2028.

If we ignore what is happening to our neighbors and to the planet under this administration, we might not recognize the damage that has been done four years down the road. Our neighbors and the planet are being targeted, and we must show the courage to stand up for both and run the kinds of interference necessary to prevent as much harm as we can.

Dr. Ted Auch, FaCT President
FaCT Board Of Trustees

FaCT OHIO

FAITH COMMUNITIES
TOGETHER FOR A
SUSTAINABLE FUTURE

What can you do?

BodySet up social media filters and alerts that allow you to stay informed about raids or related activities happening in your area.

Call ICE field offices or detention centers like the one in Geauga County to ask questions. We need to let them know that we are watching.

Keep our elected officials in DC abreast of our position on these raids. Call your member of Congress and our Ohio senators, and let them know how you feel about these dangerous ICE actions. Many of our elected officials are unaware of the full impact of these tactics and need to hear what we know and what we expect them to do.

Voicing our opposition is crucial right now. Senator Husted and Senator Moreno may be on board with these ICE actions, but they still must hear from us and be made aware that we are watching how often and to what degree they bend the knee to Mr. Trump even when it means bullying and separating their fellow Ohioans from families and loved ones.

Tell Congress to solve the problems around immigration and the border by passing the Bipartisan Immigration Bill of 2024 with the addition of protections and a path to citizenship for DREAMERS. History shows us that people immigrating to our country have made America great.

Scrap Metal Drive Saturday, April 26, 2025 9am - 1pm

The Scrap Metal Drive will be held at the Athens County Fairgrounds as part of the Athens County Recycling Day. This fundraiser will earn funds for the Faith Build Coalition to sponsor the building of its next home in 2025. Bring scrap appliances, lawn mowers, ferrous metal, aluminum, brass, and copper.

Rummage Sale Saturday, May 10, 2025 8:30am - 12:30pm

The rummage sale will be at Christ the King Catholic Church. Consider donating household items, clothes, gardening supplies, toys, and other things as you do your spring cleaning!

Volunteers are always needed! Habitat for Humanity of SE Ohio can use helpers at the ReStore and on building projects. No experience required! Habitat has the tools and construction leaders/trainers. Visit habitatseo.org and click on the "Volunteer" button.

CLC BUILDING COMMITTEE CONGREGATIONAL SURVEY

You may have heard the announcements in Church about the creation of a Building Committee to look at facility needs of CLC, and to consider an addition to the Church building to replace the space provided by Church House. The Church House is in very poor condition after being flooded and would cost far more to renovate than it is worth.

Now it is time for you to weigh in! Please follow the link below to complete a brief survey. It will help us understand the congregation's priorities. The estimated time to complete it is just 3 minutes! If you have trouble completing it please let us know and we will get you a paper copy to complete.

To be sure your ideas are included, please complete the survey no later than Sunday March 7, 2025.

Thank you!

John Molinaro,
Chairperson, CLC Building Committee

COUNCIL NOTES

Council Report for February 2025

1. We discussed starting an altar guild and already have 4 volunteers.
2. Bruce Dalzell is looking for a gently used piano for us to replace the one that needs to be tuned several times a month
3. Plans continue for our 70th anniversary celebration. Volunteers are being sought to work on planning activities and creating displays of our history
4. Jane, Lucy and possibly others are going to a program to explain how churches can deal with ICE
5. The group of students participating in Bridge activities is expanding with 8-12 students most weeks.

Jane

TREASURER NOTES

Dear Faith Family,

Here are our actual revenue and expenses compared to budgeted amounts, and as we get closer to the end of our fiscal year on June 30, we'll get closer to the budgeted amount. Large unexpected amounts are due to either a transfer between assets or to designated giving such as for the Southern Ohio Synod Thrive Campaign. We will begin our budgeting process soon for next year. Please let me know if you have questions, and have a good March.

Lucy Juedes
Treasurer

MARCH 2025 WAVE OF PRAYER

Since the war in Ukraine began four years ago, some men in both Ukraine and Russia have objected to fighting in the war. Many Russian conscientious objectors have fled their home country and sought refuge elsewhere, while several hundred Ukrainian conscientious objectors await trials against them.

God, we pray for the Russian and Ukrainian men who have chosen not to be actively involved in the military. May they be spared imprisonment. We pray that in all countries, the option to opt out of war might be available. Loving God, we offer you our prayer.

After 15 months of war in Gaza, a ceasefire agreement was reached on January 15. As the ceasefire holds, with Israeli hostages and Palestinian prisoners being released, hundreds of thousands of displaced Palestinians have returned or are returning home to northern Gaza. There, the majority have neither a roof over their heads nor access to clean water or basic services.

God, we thank you for the current ceasefire. We thank you for the release of Israelis and Palestinians from their captivity. We pray for those returning home. May they find the assistance they need to begin to rebuild their lives. Loving God, we offer you our prayer.

Between 20,000 and 30,000 employees of U.S. federal agencies have received notice that their jobs are on the line. Some have already lost their jobs, while others await possible terminations.

God, we pray for the many people who currently face uncertainty in their jobs. Give strength and support to those who have already been dismissed. Help them know how to move ahead. Make your presence known to all with unknown futures. Loving God, we offer you our prayer.

Minimum wage in the United States is \$7.25 an hour. However, some people legally earn less than that. The Fair Labor Standards Act, signed in 1938, allows employers to pay people with disabilities less than minimum wage. Initially this was an incentive for employers to hire people with disabilities. For families, employment was a good alternative to institutionalizing a disabled family member. Now, the American Association of People with Disabilities is advising that this discriminatory program be ended.

God, we thank you for the increased public awareness and for more equitable opportunities for people with disabilities since 1938. We pray that people with disabilities—and all people—may earn the wages that they deserve. Loving God, we offer you our prayer.

An estimated 23 million miscarriages occur every year worldwide, which is 44 miscarriages each minute. In the U.S., one in four pregnancies end in a miscarriage, with one million American women experiencing miscarriage each year. Though miscarriage is one of the most common complications of pregnancy, there is a stigma attached to the loss and a reluctance to talk about it. Though chromosomal abnormalities are the primary cause of miscarriages, many women blame themselves and suffer from guilt feelings.

God, we pray for each woman who is experiencing a miscarriage as we pray these prayers. For all who have experienced this traumatic loss, we ask for your comfort and peace. Be near those who are in distress from this agonizing reality, not only at their moment of loss, but far beyond that moment. Loving God, we offer you our prayer.
